LinkSquare

WARNING

LinkSquare User Guide

Before using your LinkSquare products, please review the user guide. Go to linksquare.io/help. Retain documentation for future reference.

Safety and Handling Information

Handle LinkSquare with care. It has sensitive optical and electronic components inside. LinkSquare or its battery can be damaged if dropped, burned, punctured, or crushed, or if it comes in contact with liquid. If you suspect damage to LinkSquare or the battery, discontinue use of LinkSquare, as it may cause overheating or injury.

Don't open LinkSquare and don't attempt to repair LinkSquare yourself. Disassembling LinkSquare may damage it or cause injury to you. If LinkSquare is damaged or malfunctions, contact LinkSquare Customer Service at linksquare.io/contact.

Your LinkSquare and battery are integrated. You cannot remove the battery from the LinkSquare. Don't attempt to replace the LinkSquare battery yourself—you may damage the battery, which could cause overheating, fire, and injury. The battery in your LinkSquare should be serviced through Stratio, Inc. and must be recycled or disposed of separately from household waste. Dispose of batteries according to your local environmental laws and guidelines.

Only use chargers marked: Output 5V 1A. If you do not know the voltage and current of your charger, use the included USB cable to charge LinkSquare from your computer. Using damaged cables or chargers, or charging when moisture is present, can cause fire, electric shock, injury, or damage to LinkSquare or other property.

Charging or using LinkSquare in any area with a potentially explosive atmosphere, such as areas where the air contains high levels of flammable chemicals, vapors, or particles (such as grain, dust, or metal powders), may be hazardous. Obey all signs and instructions.

Clean LinkSquare immediately if it comes in contact with anything that may cause stains, or other damage—for example, dirt or sand, ink, makeup, soap, detergent, acids or acidic foods, or lotions. To clean:

- Disconnect all cables and turn LinkSquare off.
- Use a soft, lint-free, dry cloth.
- Avoid getting moisture in openings.
- Don't use cleaning products or compressed air.

If liquid splashes on LinkSquare or dust gets on it, wipe it off with a soft, lint-free, dry cloth. Minimize exposing LinkSquare to soap, detergent, acids or acidic foods, and any liquids—for example, salt water, soapy water, pool water, perfume, insect repellent, lotion, sunscreen, oil, adhesive remover, hair dye, and solvents. If your LinkSquare comes into contact with any of these substances, follow the instructions on page 3.

Observe the following precautions to avoid a LinkSquare explosion or fire.

- Do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, or paint LinkSquare.
- Do not insert foreign objects into any opening on the LinkSquare, such as the USB port.
- Do not use the LinkSquare if it has been damaged—for example, if cracked, punctured, or harmed by water. Disassembling or puncturing the battery can cause an explosion or fire.
- Do not dry the LinkSquare with an external heat source such as a microwave oven or hair dryer.
- Do not place naked flame sources, such as lighted candles, on or near the product.

When charging LinkSquare, do not handle the plug or charger with wet hands. Failure to observe this precaution could result in electric shock.

The device for operation in the band 2412–2462 MHz is only for indoor use.

LinkSquare is designed to work in ambient temperatures between 32° and 104° F (0° and 40° C). LinkSquare can be damaged and battery life shortened if stored or operated outside of these temperature ranges.

Avoid dramatic changes in temperature or humidity when using the LinkSquare, as condensation may form on or within the product and a significant error can occur in optical analysis.

ONE-YEAR LIMITED WARRANTY SUMMARY

Stratio, Inc. warrants the included LinkSquare product against defects in materials and workmanship for one (1) year from the date of original retail purchase. To obtain service in the event of a defect, contact LinkSquare Customer Support at linksquare.io/contact—available service options are dependent on the country in which service is requested and may be restricted to the original country of sale. Call charges and international shipping charges may apply, depending on the location. Subject to the full terms and detailed information on obtaining service available at linksquare.io/legal, if you submit a valid claim under this warranty, Stratio, Inc. will either repair or replace your LinkSquare at its own discretion. This warranty does not apply to products damaged by misuse, accident, or normal wear and tear. Damage resulting from use with non-LinkSquare batteries, power cables, or other battery charging/recharging accessories or devices is also not covered by this or any warranty.

You may be required to furnish the original purchase receipt when making a claim under this warranty.

FCC Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

FCC Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Clean only with a dry cloth.
6. Do not place near any heat sources such as radiators, heat registers, stoves, or other apparatus that produce heat.
7. Only use attachments/accessories specified by Stratio, Inc. Damage resulting from use with other attachments/accessories is not covered by LinkSquare's limited warranty.
8. Unplug this apparatus during lightning storms or when unused for long periods of time.
9. Refer all servicing to LinkSquare's qualified services personnel. Servicing is required when the apparatus has been damaged in any way, such as when the plug is damaged, liquid has been spilled or objects have fallen into the apparatus, or the apparatus does not operate normally or has been dropped.

SIMPLIFIED EU DECLARATION OF CONFORMITY

Hereby, Stratio, Inc. declares that the radio equipment type LinkSquare 1 is in compliance with Directive 2014/53/EU.

The full text of the EU Declaration of Conformity is available at the following internet address: <https://linksquare.io/manuals>
